6.14 Initiatives taken by the institution to make the campus eco-friendly

Several saplings have been planted within the campus in order to make it eco-friendlier. On the occasion of World Environment Day, the faculties of Science Stream organised various programmes such as procession, plantation programme, quiz show etc. in order to aware the students about the necessity of conserving our environment.

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- Contact details of faculty member are displayed both in College Prospectus and Website so that students can easily contact with the faculties regarding their queries and confusions of academic aspects.
- Students, faculties and employees of the College are communicated and important notices are served with the help of Bulk SMS facilities instead of traditional Notice Board.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- The construction of the PG Block has been started during the session 2017-18 with the financial assistance received from MLA LAD Fund.
- A General Meeting was organised by the Village Adoption Cell on 31st October, 2017 to discuss regarding the socio-economic problems of the villagers. The Village Adoption Cell also distributed tube-wells to some needy households to facilitate them with safe drinking water facility. The Cell also donated 30 pairs of desks & benches to a Govt. L.P. School located in the village.
- The Career Counselling Cell of the College organised a Career Counselling Session on 21st March, 2018 in collaboration with Harlal Institute of Management and Technology, Noida to aware the students about career opportunities in various corporate sectors.
- An institutional level workshop on the topic: “*Higher Education Management*” was organised by the IQAC on 27th March, 2018 to discuss regarding the changing structure of administration in HEIs.
- The faculties of Science Stream to organised various programmes such as procession, plantation programme, quiz show etc. in order to aware the students about the necessity of conserving our environment on World Environment Day.
- The Deptt. of Education organised a Group Discussion Session among the students on the occasion of National Education Day.
- The College authority has decided to introduce Major Course in Chemistry and Physics from the session 2018-19.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

- Eco-friendly Green Campus
- Ragging-free campus.

****Details have been provided in Annexure III & IV***

7.4 Contribution to environmental awareness / protection

The College authority has always been trying to aware the students as well as the employees of the College about the need of maintaining a clean and green environment. The College organises awareness programmes and rallies regarding the environmental issues time to time.

- On the occasion of World Environment Day, the faculties of Science Stream organised various programmes such as procession, plantation programme, quiz show etc. in order to aware the students about the necessity of conserving our environment.
- Several saplings have been planted within the campus in order to make it eco-friendlier.

7.5 Whether environmental audit was conducted?

Yes

No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strengths:

- The College is primarily catering to the educational needs of rural and background communities.
- Committed faculty members.
- Good stakeholder relationship.
- Adequate infrastructure.
- Ragging free environment.
- Providing multi-disciplinary subjects at UG level.
- PG Course in some selected subjects.

Weaknesses:

- Mechanism to address grievances of stake-holders is not well-equipped.
- No boarding facilities for Boys within the campus.
- Limited financial resources hindering fast growth of the institution.
- Vernacular background of learners.

Opportunities:

- Vast scope to open job-oriented courses suitable to this locality.
- To nurture and nourish research and consultancy.
- To strengthen communication skills among students and teachers.
- Establishment of a Placement Cell.

Threat:

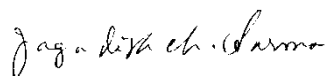

- As a pioneer Higher Education institute, the College has been facing challenges as far as developing linkage with industry and NGOs are concerned.
- To fill-up the regular vacant posts.

8. Plans of institution for next year

- Introduction of Post Graduate Course in Assamese.
- Introduction of Major Course in Physics and Chemistry.

Annexure – II**Analysis of Students' Feedback**

In the session 2017-18, a single format of Students' feedback was used showing different attributes related to teachers, institution, Course and teaching evaluation as it has been realised during last few sessions that students are confused when different feedback forms are used. Therefore a single feedback form has been supplied to the students to systematise the feedback mechanism.

Observations:

Most of the students thought that the syllabus was adequate and almost cent percent of the prescribed syllabus of course were taught in the class. The teachers attend their classes with well preparation except few. Teachers mostly encourage students' participation in class by encouraging questions and few of them encouraged students by discussing in and outside the class. Teachers provide feedback on students' performance in time. The only dissatisfaction of students was that there is no provision of Boys' Hostel. Students also dissatisfied regarding inadequate training for the use of library.

Annexure – III**Best Practice – 1**

Title of the Practice	Eco-friendly Green Campus.
The Context	In the present time global warming and other environmental issues has become a serious matter of concern for our planet. To address this emergent situation we need to be eco friendly to save our planet and environment as well as making it a better place to live in. We must keep our surrounding green and eco-friendly to maintain a balanced ecosystem.
The Objectives	<ul style="list-style-type: none"> • To maintain an eco-friendly green campus by regular plantation of trees. • To maintain a clean campus vulnerable to pollution free environment. • To aware the students and other people of this locality about the need of conserving our rich bio-diversity.
The Practice	<ul style="list-style-type: none"> • The college undertakes Plantation Programmes almost every year before arriving regular monsoon in order to maintain an eco-friendly green campus. • To aware the students and people of this locality an Awareness Programme on ‘Conservation of Bio-diversity’ was organised on 15th Nov, 2014 at Buds Academy, Sorbhog by the extension education cell of the college. • To grow consciousness among the students and faculty the college also has initiated the process of conserving bio-diversity as the college has maintained a natural beel and two small fisheries. • For the promotion of Carbon neutrality the college authority has imposed restriction on movement of vehicles inside the campus except a few vehicles of faculties. • Proper garbage management mechanism has been taken up to keep the surroundings clean.

	<ul style="list-style-type: none"> • The College has also signed an MoU with a local IT firm for management of e-waste generated in the college campus. • The college authority keeps a strict vigil on the use of the various resources like electricity, water and makes a concerted effort in maintaining a healthy environment.
Advantages and Disadvantages	<ul style="list-style-type: none"> • Creates a natural environment in the campus benefiting the surrounding areas also and send a message regarding necessity of green environment and constant fight against pollution. • Costly affair- monetary and real. Real cost arises when old trees are to be fell down at the time of new construction.
Obstacles faced, if any	<ul style="list-style-type: none"> • To address water scarcity during the non-monsoon season the plants are regularly irrigated. • To ensure sustained growth of the newly planted saplings bio-fertilisers are used.
Impact of the Practice	The eco-friendly environment of the campus can be witnessed by the greenery of the campus and water supply which depends on underground water throughout the year.
Resources Required	Financial input, students' participation, faculty advice and good management practices are required for maintenance of such an eco-friendly green campus.

Annexure – IVBest Practice – 2

Title of the Practice	Ragging free environment.
The Context	Ragging spoils the environment of the college, create gap between seniors and juniors, increase the crime in campuses and hence ragging is detrimental to well academic atmosphere. The Lyngdo Commission also strongly opposed the practice of ragging inside the college campus. Under this context, the Barnagar College, Sorbhog adopted strong measures for maintaining ragging free environment.
The Objectives	<ul style="list-style-type: none"> • Creating cordial relations among students for fulfilling organizational mission and objectives. • Creating awareness among students regarding how the self confidence of the individual influences the national interest.
The Practice	<ul style="list-style-type: none"> • Anti-ragging squads comprising of the Principal, Vice-Principal and senior faculty members have been formed to make surprise visits to very sensitive location within the campus and outside the campus. • Number of display boards giving detail descriptions of anti ragging activities, Supreme Court directives and penalty liable to be imposed on those involved in such activities have been displayed at various places within the campus.
Advantages and Disadvantages	Remarkable achievements have been achieved to make the campus Ragging Free. Gap between senior and junior students has been minimized which contributes for maintaining peace and harmony inside and outside the campus.
Obstacles faced, if any	No
Impact of the Practice	<ul style="list-style-type: none"> • Peace and tranquilities inside and outside the college campus have been maintained. • Students' attendance (fresh) has been increased. Their participation in the academic activities of the college has been praiseworthy.

Resources Required	It required minimum manpower resources. Money and material resources require was less than Rs.30,000/-.
